

Get A Complimentary Lane Assessment

Struggling to deliver goods on time, at fair market cost? Our customized lane assessment can help!

Our lane assessment overlays \$80+ billion dollars worth of freight intelligence on top of a shipper's unique freight data set to uncover high potential opportunity areas to reduce cost, strengthen OTD, and grow resilience and sustainability. Actionable outputs identify wins and losses across lanes, facilities, and carriers.

Food & Bev Manufacturer

Shipper shared 5.8K loads that cost \$12.5M. Assessment uncovered opportunities to optimize 55% of volume to yield \$1.7M in reduced truckload cost (18.1%).

Plastics Manufacturer

Shipper shared 6.6K loads that cost \$12.2M. Assessment uncovered opportunities to optimize 62% of volume to yield \$1.5M in reduced truckload cost (16.6%).
